ANYTHING WILL DO

AWDORG FOUNDATION

Charity starts within ...

Anything Will Do supports all activities that reflect and justify its name hence the logo has been created taking future operational possibilities into consideration. Multiple colours used in logo represent different variants; White colour is a representation of holding hands signifies the preservation of positivity and reflects our mission and vision.
Coloured petals represent various emotions like Blue is for calmness, empathy and tranquillity; Green represents freshness, productivity and willingness to help others; Red conveys love and emotion for the underprivileged; Yellow stands for happiness and positive energy;
Dark Blue is an indication of the integrity of our organisation; Purple shows our respect towards spirituality; Orange is for uplifting and encouragement.

Our logo signifies the importance of seeking
a bond of unity and harmony of people working towards a common goal,
while keeping their individuality and uniqueness intact. As very keen to have a logo justifies its name.
We created a logo keeping our current & future possibilities in area of its operations in mind.
White coloured shapes are helping hand which is holding on to life with positivity. Blue colour is for tranquillity and calmness. Green for freshness & fertility red for love & emotion. Yellow for happiness and energy.
Dark blue magenta It symbolizes trust, loyalty, wisdom, confidence, intelligence, faith, truth, and heaven.
Purple is the colour of spirituality. Orange stands for encouragement.
Our logo is a significance of a bonding towards unity & harmony besides its variations & individual uniqueness.

Thank you Agencyeleven100 for creating such a beautiful logo for us.

BUILDING A BETTER FUTURE

PROJECT*educate*

Launched four years ago, **PROJECT*educate*™** has evolved from supporting individuals with educational needs to uplifting schools and wider populations. Our initiatives have made a tangible impact:

Uplifted 24
underprivileged schools

8500+
Children

3000+
Counsellings

Reducing
paper usage

Working in states 10

300+ individual
Digitally trained

10+ laptops
Donated
to individual

50+ Scholarship
and school fees sponsored

Reducing
E-Waste

executive COMMITTEE

Charanjeet Dhiman

Founder & President

Empower a child with education, and you change not just a life, but generations.

Deeksha Sati

Co-founder, Vice President

When you educate a child from the margins, you rewrite the future of a nation.

Nimesh Kansal

Treasurer

A mind once lit by knowledge shines through even the darkest of circumstances.

Krishan Mangawa

Secratery

Education is the most powerful equalizer—let's make sure every child has access to it.

Nidhi Singh Sati

Projects Head

Bridging the gap begins with a pencil, a book, and a heart willing to care.

Kanchan Jha

Executive Member

Dreams don't belong to the privileged—they belong to the prepared.

our INITIATIVES

#PROJECT*pro*

Under this project our highly skilled professional volunteers with expertise in various backgrounds and from different parts of the world, are contributing by imparting knowledge remotely through online sessions and workshops to help individuals who are facing professional challenges to upgrade their skills.

Under **PROJECT*pro*** we are committed to help underprivileged with best of our knowledge.

#PROJECT*educate*

We believe there is no age limit for teaching or learning. Each one of us can educate so many people around us. Learning isn't restricted only to educational institutions; we can start wherever we are just with the willingness to impart knowledge. Volunteers help with educational supplies, school admissions and fees or help with studies. This initiative is not only for school & college students but also for adult education. Currently, we are setting up Computer learning centre (CLCs) in schools of Uttrakhand with a line up volunteer teachers who will conduct free online classes to underprivileged children.

#PROJECT*life*

This project was initially built for helping the marching migrants during Covid19 pandemic with sanitary pads, face masks, sanitizers & basic medical help. During lockdown 1 we were able to help over 20,000 migrants on Delhi NCR highways. We helped 213 migrants reach their homes safely. In lockdown 2 we saved almost 630 lives through hospital admissions, ICU beds, oxygen cylinders, oxygen concentrators, plasma, blood, platelets, medicines & many more.

At **PROJECT*life*** we are currently helping in Dengue emergency with platelets & other medical assistance.

ABOUT US

Anything Will Do (AWDORG Foundation) is a registered non-profit organization in India, founded by Charanjeet Dhiman and Deeksha Sati, and supported by a dedicated network of compassionate 400+ volunteers worldwide. United by the belief that no act of kindness is ever too small, our foundation strives to serve both human beings and other living species with empathy, transparency, and action.

With a mission rooted in sustainable impact, AWDORG Foundation has been working at the grassroots level to support communities during times of crisis and beyond. The foundation rose as a strong support system during the COVID-19 pandemic, helping thousands through timely interventions in health, nutrition, and animal welfare.

Our Vision
To build a compassionate and inclusive society where no one is left behind, by bridging the gap between those who can help and those who need help.

Our Mission
To uplift the underserved and vulnerable through need-based, transparent, and volunteer-driven projects, focusing on healthcare access, food security, and animal welfare—ensuring dignity, opportunity, and care for all.

Our Motto
"Anything Will Do" — *Because even the smallest effort can create the biggest change.*

Our Key Focus Areas (2023–2024)

PROJECTeducate
In one hand the world is getting ready for AI Automation and human might even be replaced with technology and robots, and on other hand a larger amount of underprivileged children haven't even touched a computer in their life.
Anything Will Do (AWDORG Foundation) is trying to bring a little happiness in their life by introducing "Project Educate Centers" in schools situated in underprivileged and underdeveloped villages and small towns. Through these PECs we are trying to connect children with mainstream of thw world. Our objective is to provide motivation, counseling and help them in subjects through online masterclasses conducted by our volunteers, celebrities, friends and industry specialists. Through these classes we try to uplift and provide the right guidance to students for making their path clearer for career further.

PROJECTlife
In 2023, AWDORG Foundation continued its unwavering commitment to uplift the underprivileged through Project Life—a mission rooted in empathy and action.
From organizing life-saving blood donation camps, to distributing blankets to the homeless during harsh winters, the project extended support where it was needed most. Whether through medical aid, emergency relief, or dignity-driven outreach programs, Project Life touched hundreds of lives, proving that even the smallest act of kindness can make a world of difference. Because every life matters—and every effort counts.

APPRECIATION AND ACKNOWLEDGEMENT

ललसना गांव में कंप्यूटर सेंटर कार्यक्रम में मौजूद अतिथिगण • सौ. संस्था

ललसाना गांव में बच्चों को मिलेगी निशुल्क कंप्यूटर शिक्षा

मेरठ : एडब्ल्यूडीओरआरजी फाउंडेशन ने जूनियर हाईस्कूल ललसाना में पांच कंप्यूटर स्थापित कर आनलाइन क्लास शुरू की। इससे बच्चों को निशुल्क शिक्षा दी जाएगी। इसमें अंकित, रवि, शिवराज सिंह, ग्राम प्रधान श्यामबीर सिंह व प्रधानाचार्य प्रमोद का विशेष सहयोग रहा।

दीपा सारी: मूल रूप से हरीपेश की रहने वाली दीपा ने संस्था के माध्यम से 45 स्कूलों के 12 हजार 375 बच्चों के लिए कम्प्यूटर दिए हैं।
